Turn off*	Red light flashes twice slowly and goes out
Low batter	After induction, the red light flashes for three seconds

*In power-on state, short press to turn off.

Maintenance

1. If cleaning is required, gently wipe the surface with a wet towel when the machine is off.
2. If this product is left unused for a long time, please remove the dry battery to avoid battery moisture, leakage and other phenomena.

Precautions

1. Please do not immerse this product in water or rinse directly to avoid short circuit.
2. Do not tilt the bottle when installing or replacing liquid. If a small amount of liquid flows out, wipe it clean and use it normally.
3. Please do not use foam liquid for replacement, as it may cause machine failure.
4. Store this product in a cool place, and avoid direct sunlight or excessive temperature.
